Ribbon Cutting Ceremony at Fieldhome's Rehabilitation Nursing Unit

CORTLANDT MANOR, NY, MARCH 7, 2012 —

The nursing unit for Fieldhome's sub-acute rehabilitation program celebrated their 're-opening' with a ribbon-cutting ceremony and lunch last Friday. The unit's beautiful, new design makes maximum use of its original space and creates a more efficient workflow for the staff. Fieldhome recently announced the addition of Neelam Narula, Nurse Practitioner, as its Sub-Acute Clinical Director and Colleen Melville as the Director of Nursing.

Fieldhome offers a true seven day a week therapy schedule in its 1,500 sq ft rehab treatment center and separate occupational therapy suite. The rehab program focuses on orthopedic, neurological, cardio-pulmonary rehabilitation and general post-surgical rehab.

Fieldhome is a not-for-profit community of caring services that also includes The Seabury at Fieldhome, a luxury assisted living residence, and The Early Learning Center at Fieldhome, a licensed and accredited child care center.
