FIELDHOME’s Social Adult Day Care Program is the perfect solution for seniors who need assistance but would like to continue living at home. Our program is designed to provide the high quality social, nutritional, and daily living services your loved one needs in a safe, supportive and stimulating environment. This allows you, the caretaker, to go to work or take a break from your care-giving responsibilities and *have the peace of mind knowing that your loved one is being well taken care of.*

Activities

Socialization, as well as mental and physical stimulation, becomes even more important as we age. Our Director plans a variety of social, intellectual, cultural and educational group activities based on the individual interests of our participants.

Intergenerational Activities

Participants also enjoy weekly activities with the children from The Early Learning Center, Fieldhome’s on-campus child care center.

Nutritious Meals

A Registered Dietician oversees the daily menu, which includes a nutritious breakfast and lunch, as well as snacks throughout the day.
